	Bikewheels and Broomsticks Come and see to get a taste of some of the experiments that W5 does every day! What about making a rocket with some stuff you can find in your kitchen, playing some tunes with our Boomwhacker tubes, or even trying to beat us at our amazing paper clip game? If you come along to watch our science demonstrators in action, who knows - you might even get to volunteer! You might learn a little something along the way too, such as why the Moon stays in the sky, and why it's easier to stay up on your bike the faster you go! Check out our new website at www.w5online.co.uk	Organised by W5
